# Kata Pengantar

Buku Produk Domestik Regional Bruto (PDRB) Kabupaten/Kota di Indonesia tahun 2000-2003 merupakan publikasi lanjutan dari tahun-tahun sebelumnya. Publikasi ini menyajikan angka PDRB sektoral menurut kabupaten/kota atas dasar harga berlaku dan atas dasar harga konstan 1993. Selain dua jenis tabel pokok di atas, juga disajikan tabel-tabel turunannya, antara lain laju pertumbuhan PDRB, PDRB per kapita dan distribusi PDRB kabupaten/kota terhadap masing-masing propinsi.

Sejalan dengan Otonomi Daerah, jumlah propinsi di Indonesia tahun 2002 telah berkembang menjadi 30. Hal yang sama terjadi pula dengan jumlah kabupaten/kota, sampai tahun 2002 sudah mencapai 416. Selain terjadi penambahan juga terjadi pergeseran cakupan wilayah, yaitu berpindahnya kabupaten/kota dari wilayah propinsi induk ke wilayah propinsi bentukan baru. Perubahan tersebut berdampak pada penyusunan dan penyajian data PDRB pada publikasi ini.

Usaha penyempurnaan sajian publikasi ini terus-menerus dilakukan demi memperoleh hasil yang lebih baik. Namun demikian, karena masih ada keterbatasan ketersediaan data dasar, maka kritik dan saran membangun akan selalu disambut dengan gembira demi penyempurnaan publikasi selanjutnya.

Kepada semua pihak yang telah membantu penyusunan publikasi ini, diucapkan terima kasih. Semoga publikasi ini bermanfaat bagi para pengguna data.

## **Preface**

The publication on Gross Regional Domestic Product (GRDP) of Regencies/Municipalities in Indonesia 2000-2003 is a series of those published in the previous years. This publication contains tables of GRDP by sector, by regencies/municipalities at current as well as the 1993 constant prices. Other than those two main tables, it is also supplemented by common derived tables such as GRDP growth, per capita GRDP and GRDP distribution of regencies/municipalities within each province.

In line with decentralization system of government, the number of provinces had increased to 30 provinces and the number of regencies/municipalities to 416 in the year 2002. Beside that, the switching coverage of regencies/municipalities from original province into the new one was also happened. Therefore, the changes of public administration area has influenced the construction and the presentation format of this publication.

We hope that this publication will be useful for the data users. Constructive comments and suggestions are always welcome for the improvement of the next publication.

We would like to express our sincere appreciation to all who have supported and participated during the preparation and compilation of this publication.
